DETAILED ACTION

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Claims 1-3, 5-10, 12-17 and 19-21 are allowable over the prior art of record. The closest prior art of record Ohran, teaches keeping a map identifying storage location that have new data written in them at a certain time and tracking changes between that time and a future time to identify data to be transferred to the backup storage, however it fails to teach that after determining that an of an object is not stored in a permanent lock and that a different process is not archiving the object then allowing access to the object, these limitations being indicated in claims 1, 8 and 15 as "upon determining that the ID is not stored in the permanent lock object and that another process is not archiving the data object to the second storage location, granting access to the data object".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jay A. Morrison whose telephone number is (571) 272-7112. The examiner can normally be reached on M-F 8-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tim Vo can be reached on (571) 272-3642. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
